

AG Secure Survivor GUL® II - Face Amount Capped at \$5,000,000

Effective April 14th, AG Secure Survivor GUL® II sales will be limited to death benefit face amounts up to and including \$5,000,000. This change is specific to AG Secure Survivor GUL II only. ***This does not affect our individual product Secure Lifetime GUL 3.***

While we strive to hold the product specifications steady, the long-standing interest rate environment continues to put pressure on the industry. To ensure we stay focused on our commitment to deliver higher value to both you and your clients, a face amount cap is necessary.

Transition Rules – New Face Amount Cap Effective April 14, 2018

- AG Secure Survivor GUL II applications received on or after April 14th will be subject to this new death benefit face amount cap.
- To avoid the face amount cap on the AG Secure Survivor GUL II product, applications must be received on or before April 13, 2018.

We will be announcing more product updates for AG Secure Survivor GUL II in the coming months.
