

Great New Rates Arrive on July 23!

SBLI is pleased to announce new term rates for all non-nicotine classes, effective Monday, July 23, 2018. The rates supporting our unique all risk classes, no medical exam accelerated underwriting process, will be much more competitive. Also, rates for our traditionally underwritten business will be particularly strong.

Quoting will be available on ApplicInt, SBLIAgent.com, iPipeline, Compulife, and VitalTerm on July 23. Please note, there is no need to hold back any case you are working on as we have put steps in place to ensure you get the best available rates. See the [transition rules](#) for full details. Be sure to let your agents know!

Best wishes for the summer, and thanks again for partnering with us.
